

We bring communities together to help families build **strength, stability and independence** through affordable homeownership.

2019 OUR IMPACT

267 low-income, working families (**over 1,000 people**) became new homeowners in 2019 by partnering with Habitat in Canada.

Approximately **2,440** Canadian families continued to benefit from their Habitat partnership, paying down their Habitat mortgage with affordable, geared-to-income payments.

New Habitat households by province:

Of the **267** families that moved into a Habitat home in **2019**:

47% were single-parent families

24 were Indigenous families

53% were two-parent families

23 families included one or more newcomers to Canada

591 children moved into Habitat homes

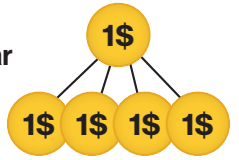

24% moved into homes designed with accessibility accommodations

75% of families coming from market rental housing **18%** coming from social or subsidized housing **7%** other living arrangements

Almost **\$47 million** in societal benefits were returned to communities.

Research shows that for every dollar donated, \$4 in social benefits are returned to the community.

Almost **\$74 million** added to the affordable housing portfolio in Canada, representing the new Habitat homes bought by Habitat homeowners in 2019.

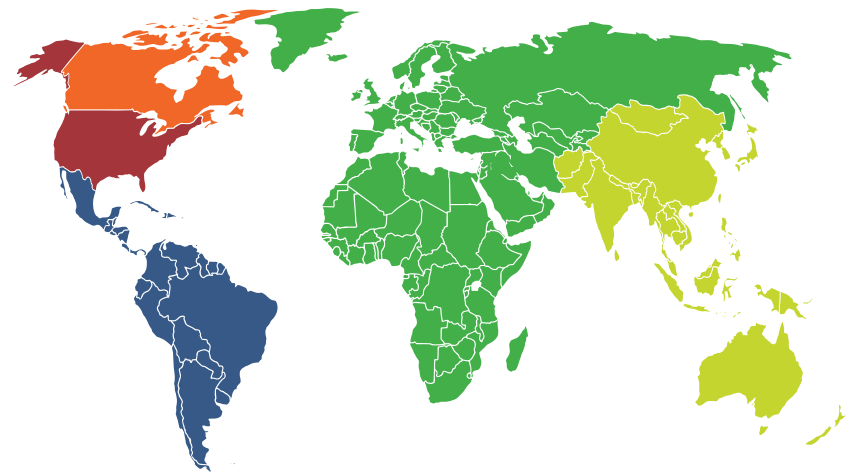

In **2019**, there were **110** Habitat ReStores across Canada.

This successful social enterprise is a Canadian idea that helps local Habitats build more homes and is an environmentally-friendly initiative, diverting high-quality product away from landfills.

Through other Habitat for Humanity housing programs in **2019**:

Almost **7,000** youth, including Indigenous and at-risk youth, received on-the-job skills training and instruction, building confidence and leadership skills.

Over **39,000** volunteers helped local Habitats across Canada build homes, operate Habitat ReStores and engage their communities in the work of Habitat for Humanity. That includes over 1,200 Global Village volunteers who helped build and repair homes in over 25 countries around the world.

Through our international support,

380 people in Malawi, Vietnam and Dominican Republic

were served through new home construction, home renovations, as well as homeownership, property rights, financial education and care for people with disabilities.

Since 1985, **3,886** families in Canada have partnered with Habitat to buy their own home.

Globally, Habitat for Humanity International has helped more than **29 million** people build or improve the place they call home.

Canada

GLOBAL VISION:

A WORLD WHERE **EVERYONE** HAS A DECENT PLACE TO LIVE.

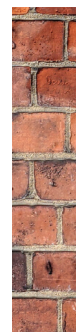

Habitat for Humanity Canada

Founded in 1985, Habitat for Humanity Canada is a national charitable organization working toward a world where everyone has a decent and affordable place to call home. We bring communities together to help families build strength, stability and independence through affordable homeownership. Habitat for Humanity Canada is a member of Habitat for Humanity International, which was established in 1976 and has grown to become a leading global non-profit working in more than 70 countries.

There are 54 local Habitats across Canada, serving almost 400 communities in every province and territory. To find out more about your local Habitat for Humanity organization and how to get involved, visit [habitat.ca](https://www.habitat.ca).

Affordable homeownership program

With the help of volunteers and generous donors, **we build decent and affordable homes** that provide a solid foundation for people to build better, healthier lives in Canada and around the world. Habitat homeowners volunteer 500 hours and pay an affordable mortgage – geared to their income – to buy their home. Our model of affordable homeownership bridges a gap for people who face barriers to homeownership. We provide working families on low incomes with the opportunity to purchase their own Habitat home.

Qualified Habitat homebuyers are:

- In need of better housing
- Willing to partner with Habitat
- Able to make affordable mortgage payments

Habitat for Humanity Canada's Indigenous Housing Partnership

Indigenous families and communities partner with local Habitats across Canada to help create safe and decent places to live through both affordable homeownership and other housing solutions developed by and for Indigenous communities.

An important part of this initiative involves providing skills and training opportunities to Indigenous youth and women to equip them with the trade skills they need to maintain and/or build new homes in their communities.

Habitat for Humanity ReStore

Habitat for Humanity ReStores are home and building supply stores that accept and resell quality new and used building materials as well as furniture, appliances, home accessories, and much more, to the public. Shopping at a Habitat ReStore is a socially-conscious decision, as the money generated is used to fund local Habitat for Humanity homebuilding projects and operations. It's also an environmentally-friendly decision, as much of what is sold is product that is new, gently used or customer returns that might otherwise end up in a landfill.

Find your local Habitat ReStore at [habitat.ca/restore](https://www.habitat.ca/restore).

For more information and current volunteer opportunities, visit [habitat.ca/globalvillage](https://www.habitat.ca/globalvillage).

Global engagement

Our global engagement work is designed to empower families to build strength, stability and self-reliance through shelter solutions. We work in partnership with communities and local Habitat for Humanity organizations in the following regions: Africa and the Middle East, Asia Pacific, Latin America, the Caribbean and Europe.

Habitat for Humanity Canada Global Village: Global Village is our international volunteer program that gives people the opportunity to build or repair homes in Canada and around the world. We offer nine to 12-day experiences working alongside a team of other volunteers building and learning more about housing and poverty issues at home and abroad.

We believe everyone **deserves a safe and decent place to live**, both locally and globally.
